Mr. Ray,
Children's are Angels from Heaven
USA

Dear Ray,

Our hearts are filled with gratitude for your generosity in helping the needy at this difficult moment. Your generosity means a lot to us and to our helpless and hopeless people. God has visited us through you. I give you a report of our distribution which you can see below.

We purchased: - Rice, dall, potatoes, flower, sugar, onion, garlic, flat rice, milk powder, spices, papad, jagry, biscuits, and sanitizer. We packed them for the families for the distribution.

The families who could come to our place came to collect the packets. The picture above is a handicapped person, who goes around on the wheel chair. He himself came to us for the food grain.

All the families are struggling to survive. They have no jobs. Due to Corona no work is available. They are very grateful to get these grains.

All those who could not come, we reached the food to the families.

They live in our locality, in our slums, some of them work in the field, or on construction work. Since there is lock down, people have no jobs and are struggling to take care of their families. No work, no money to buy food provision.

These two old men work as gate keeper. They get very little as their salaries but they cannot give up. They are afraid to lose this small job.

Once again I thank you for your kindness and concern for our people. May God bless you, your families and all those who come to assist you for this noble work.

Yours sincerely,

Sr. Anupama f.c
